

# SQLICE

## Software License Agreement

1. This is a legal agreement between you and Business Integration Technology, Inc. (BIT), covering your use of SQLICE (the "Software").
  - 2a. SQLICE is provided free for the first 60 days from the date it is downloaded and installed, for both private, non-commercial use and for business/commercial purposes.
  - 2b. After 60 days, you must register with Business Integration Technology, Inc. If you do not register, the Software will no longer function.
  - 2c. The Software contains code to track your IP address and/or MAC address for the purposes of auditing and verifying user registration and usage type (i.e., private v. commercial). This requires internet connectivity. Therefore, if the Software is installed on a machine with no internet connectivity, it will cease to operate after 60 days. Please contact BIT to register your Software manually:  
[info@businessintegrationtechnology.com](mailto:info@businessintegrationtechnology.com) or 314-635-6351.
  - 2d. If you register for private, non-commercial use (that means personal use at home), you may continue to use the Software free of charge.
  - 2e. If you intend to use SQLICE at a place of business or for commercial purposes, you must register as such and purchase the Software. Please contact BIT for prices, discounts and payment methods:  
[info@businessintegrationtechnology.com](mailto:info@businessintegrationtechnology.com) or 314-635-6351.
3. SQLICE is owned by Business Integration Technology, Inc., and is protected by the copyright laws of the United States and by international copyright treaties and conventions.
  - 4a. You may not distribute, rent, sub-license or otherwise make available to others the Software or documentation or copies thereof, except as expressly permitted in this Software License Agreement, without prior written consent from Business Integration Technology, Inc.
  - 4b. In the case of an authorized transfer, the transferee must agree to be bound by the terms and conditions of this Software License Agreement.
- 5a. You may not remove any proprietary notices, labels, logos, or trademarks on the Software or documentation.

- 5b. You may not modify, de-compile, disassemble or reverse engineer the Software.
  
- 6a. Limited warranty: SQLICE and the documentation are "as is" without any warranty as to their performance, merchantability or fitness for any particular purpose.
- 6b. The licensee assumes the entire risk as to the quality and performance of the software.
- 6c. In no event shall Business Integration Technology, Inc., or anyone else who has been involved in the creation, development, production, or delivery of this software be liable for any direct, incidental or consequential damages, such as, but not limited to, loss of anticipated profits, benefits, use, or data resulting from the use of this software, or arising out of any breach of warranty.
